

BETTER

The racing inspired Python® Auto-Darkening welding helmet catapults welders into the future with style, function and performance. Born from European formula 1 racing helmets, the Python® provides not only style, but also full head, neck and ear coverage all in a lightweight package.

The Python® comes equipped with our Comfa-Gear® headgear, the only ultra-soft headband that follows the same angle as your forehead. Headband adjusts forward/back, up/down, and side-to-side.

All Python® Auto-Darkening filters are ANSI, CSA and CE approved.
